Hi everyone,

Last week I sent home notes regarding the option of having the chaplaincy program at our school next year. From the response provided, we will not be applying for the program at this stage.

As temperatures rise, the risk of drowning increases too. Review these water-safety tips to help keep your family safe this summer.

Road safety reminder for parents and carers these holidays
Remember when walking near roads, on footpaths, near driveways and in car parks always: hold your child’s hand, talk to your child about road safety and point out road safety dangers and differences in new environments.

The best way to keep your child safe on or near the road is to hold their hand. Talk with your child daily about road safety. For further information visit: http://roadsafety.transport.nsw.gov.au/stayingsafe/children/pedestriansafety.html
