Hi everyone,

Welcome to the 2nd official day of Winter. Usually, Winter is the time where we talk about colds and flus. However, it appears that we are already full swing into colds, coughs and flu. If your child is unwell, please keep them home so that we can try and stop the sickness spreading.

Last Thursday, Danielle from Lismore Council, came out to do a waste audit at our school. There is always room for improvement. The main waste bin in our classroom happened to be 95% full of ..........you guessed it! TISSUES....

Homework for the next week is about recycling. Students were given a brochure from the council to look through with you, with criteria to complete their work.

Friday was a fun day. Stage 2 had a day of Indigenous games at Dunoon and some were quite challenging even in their simplicity! Stage One enjoyed a different variety of activities around the theme of friendship and anti-bullying.

This Friday students will be going to Lismore for the Environment Day activities. Notes for the excursion need to be returned as soon as possible. Lismore Council is providing the bus at no cost to the school. As it is a waste challenge day, students need to bring a no-waste lunch. That means......no packaged food!

Reports will be going home on the 19th of June. I will have interviews for parents in the last week of school. If you would like to talk about your child’s progress, please ring the office to make an appointment. I’ll send out a reminder the week the reports go home.
